

EUCALYPTUS FOREST BY AROMA RETAIL

Eucalyptus Forest smells of a forest of mainly eucalyptus trees, combining the unique calming and clean scent of eucalyptus with the woods and leaves of a southern forest including fir, rosewood, patchouli, and cedarwood. Notes of lime and spearmint finish this blend.

Eucalyptus is a genus of over seven hundred species of flowering trees, shrubs or mallees in the myrtle family, Myrtaceae. Along with other genera in the tribe Eucalypteae, they are commonly known as eucalypts. Eucalyptus Forest by Aroma Retail is a refreshing, calming scent, allowing you to relax.
