

LUXURY SPA BY AROMA RETAIL

Luxury Spa is the most popular combination used by world-class spas for soothing happiness, with a very wide complexity including fresh greens, eucalyptus, peppermint, jasmine, and calming woods. This complex blend also includes notes of pineapple, rose, pine needle, violet, sandalwood, cedar, musk, and amber.

A spa is a location where mineral-rich spring water and sometimes seawater is used to give medicinal baths. Spa towns or spa resorts (including hot springs resorts) typically offer various health treatments, which are also known as balneotherapy. The belief in the curative powers of mineral waters goes back to prehistoric times. Such practices have been popular worldwide, but are especially widespread in Europe and Japan.
