

MEADOW BY AROMA RETAIL

The essence of natural seclusion in a bubbling meadow full of wild grasses and woods, with soothing hints of floral and light citrus. This complex blend also includes notes of eucalyptus, hyacinth, ylang-ylang petals, cedarwood, and violet leaf.

A meadow is an open habitat, or field, vegetated by grass, herbs and other non-woody plants. Meadows may be sparsely covered with trees or shrubs, as long as they maintain an open character.
